9. **CLERK AND RFO REPORT**

a. To RECEIVE External Auditor's Report – AGAR Section 3

The Council received the External Auditor's Report, which was circulated to Councillors. The conclusion of the audit was:

...in our opinion the information in Sections 1 and 2 of the AGAR is in accordance with Proper Practices and no other matters have come to our attention giving cause for concern that relevant legislation and regulatory requirements have not been met.

However, they noted other matters **not affecting** our opinion which we draw to the attention of the authority:

Waldringfield Parish Council

a) the completion of the AGAR Section 2. The Clerk checked the box incorrectly. As the correction was a factual correction of error – the Clerk and Chair remedied this, and re-posted the adjusted form. This was circulated to councillors and is available on the website.

Additionally, they noted:

b) *...did not comply with Regulation 15 of the Accounts and Audit Regulations 2015 as it failed to make proper provision during the year 2026/27 for the exercise of public rights, since the notice regarding the period for the exercise of public rights was not published before the start of the period.*

The Clerk accepts that the notice of public rights was dated the same day as the start of the period. This was done in error. The notice itself was made public and posted to the website on 14 May 2026, which was in advance of the commencement of the period. This is evidenced on the admin side of the website:

CPRE Suffolk

Dear Members

It's time to renew your membership.

Thank you for being part of a movement committed to protecting our countryside.

For a century, CPRE has helped shape the countryside we know today – from campaigning for the first Green Belts and our National Parks to protecting hedgerows and dark skies, and stopping fracking. Our history is proof that when the countryside needs a voice, together we step up and make change happen. Here are some of the campaign wins we've achieved together over the past 12 months:

- Our petition for smarter solar policy gained over 6,000 signatures and the backing of 40 MPs as Rooftop Solar Champions. We're proud that this momentum helped lead to the announcement that by 2027, most new-build homes in England will be fitted with solar panels — a major step toward the Rooftop Revolution.
- After decades of calling for a joined-up approach to land use, we welcomed the government's decision to launch a consultation on the current Land Use Framework. We submitted our response, outlining our main priorities including protecting greenfield land, better management of urban fringes and enhancing protected landscapes.
- We have been at the heart of the debate about planning reforms such as the Planning and Infrastructure Bill and the revised National Planning Policy Framework of 2024. We also engaged with many different stakeholders and policy-makers ahead of the Levelling-up and Regeneration Act of 2023 which helped to secure key gains on social housing and protected areas.

This progress is thanks to you, but there is still much to do and your continuing membership is crucial.

As you renew your membership, would you consider increasing your contribution? We know that not everyone will be able to make a change, so whatever you decide, thank you for your support.

I understand that the renewal of your CPRE membership needs to be approved by your organisation, and that this approvals process can take up to two months which is why we're sending your renewal notice now.

Our vital work is only possible because of our loyal members. Together we can protect what we love, regenerate what's been lost and help shape a future for the countryside that sustains us all. Thank you.

Best wishes
